NOTHING is wasted in these utility times. W. W. PEPPER, a farmer living near Arcola, Ill., is baling snow with his hay baler to be sold next summer. He says it is better than ice. EVIDENTLY the maximum-minimum game is one that any number of people can play. And when all adopt it we shall be precisely where we now are, no Nation having any advantage over any other.

A WRITER ventures the opinion that young Mister BRUNER is ambitious. Ambitious is hardly the correct term. He might be satisfied a few days as President of the United States—until he could get something better.

For schools, Chicago's bill for a year is \$13,357,174. Of this sum \$5,145,129 is for the salaries of teachers and Superintendents of elementary schools. For new buildings and sites \$2,459,340 was appropriated and \$533,425 was set aside to complete 34 new buildings now going up. The School Board added to the teachers' salary roll an item of \$157,000 advance in salaries, the aggregate cost of the shortage of competent teachers which has been experienced of late. The budget for the schools includes an item of \$10,000 for transportation of crippled children, \$50,000 for teaching household arts and \$30,000 for physical culture. This is the season for budgets and their worries; the city's proved to be \$4,000,000 greater than its income, but a settlement made with the Marshall Field estate for back taxes unpaid brought in a check of a cool million, unless an unexpected suit prevents its acceptance, the amount claimed from the estate being \$1,700,000. Of this amount the city gets nearly \$600,000, the State nearly \$90,000 and the county \$133,900.

Barn Also Destroyed By the

Armed and masked, a band of twenty night riders held up A. W. Merritt, a farmer residing near Lovelaceville, Pollard county, on the road leading to Mayfield, to which place he was going with a load of tobacco, and burned the wagon and tobacco.

The team was taken out and tied to a tree, while Merritt was held prisoner several feet away until the entire load had been consumed.

A band of about fifty night riders visited the farm of Brandon Hurt, near Kirks-Eye, and applied torches to his large barn. He had received warning notice a few weeks ago and had hauled his last load of tobacco from the barn last week.

THE LINE-UP

Degman, Republican,
vs. Shanklin, Democrat,
the Nominees for Representative

The Party Conventions
Yesterday Were Earnest Affairs

Charles C. Degman, Republican.
Samuel A. Shanklin, Democrat.
That is the way the political slate reads in the race for Representative to the Legislature to be decided by a county election on Saturday, March 7th, 1908.

The nominees are both sober, intelligent, industrious and progressive farmers, both natives of Mason county, and either, if elected, will do his conscientious best to assist in enacting up-to-date measures for all the people of Kentucky.

C. C. DEGMAN.
Mr. Charles C. Degman, the Republican nominee, is one of the old boys who wore the Blue and has a fine record as a soldier on the Union side in the war between the states. He is about 60 years of age and was born in the Degman homestead near Springdale, this county. He has a wife and several grown children. Mr. Degman owns a fine farm and is considered quite an authority on all things that grow out of the ground. He is well known as a hustler and is a man of much fire and energy. Mrs. Degman, as well as her husband, is a fine writer, and her correspondence and bright contributions to the columns of THE PUBLIC LEDGER are among the brightest which have graced this paper.

Mr. Degman is a straight out Republican and is strong on the temperance issue. That he will make a fine race and land the Representative plum, his supporters have no doubts whatever.

S. A. SHANKLIN.
Mr. Samuel Albert Shanklin, the Democratic candidate, was born on a farm near Mayslick and is about 53 years of age. He is a son of the late James H. Shanklin of this county. Mr. Shanklin's wife is Miss Anna Piper, a daughter of the late Mr. S. A. Piper. She is a very accomplished woman. They have two children. Mr. Shanklin is a leading Equity man and at present is Chairman of the Mason County Board of Control of the Society of Equity. He is wealthy and has one of the finest homes in the county. His brother, John T. Shanklin, is now Representative in the Legislature from Fleming county. He is a Republican.

Mr. Shanklin, if elected, will probably vote for Beckham, while Mr. Degman will support Bradley as long as there is a chance for his election.

As the two candidates stand about equally upon the temperance question, the issues of this brief campaign are now boiled down to a contest of "Equity and Anti-Equity" and Beckham and Anti-Beckham.

REPUBLICAN CONVENTION.
In obedience to the call of W. D. Cochran, Chairman of the Republican County Committee, the mass convention held in the Court-house yesterday afternoon was attended by a large and enthusiastic assemblage.

After calling the meeting to order and stating the purpose for which it had gathered—nominating a candidate to fill the vacancy created by the death of Representative Virgil McKnight—Mr. Cochran expressed deep sorrow and regret of the necessity of the call having to be made.

Mr. Cochran declining to serve as permanent Chairman State Labor Inspector, Thomas A. Davis, was nominated and unanimously elected, and Harry A. Ort having been elected temporary Secretary, was, upon motion, made permanent scribe of the meeting.

Captain Davis in taking the chair thanked the Convention for the honor conferred, and then delivered a ten minutes speech in his own terse and pointed way, that was food for thought.

Nominations being in order Mr. C. C. Degman and Mr. Shelby Blatterman were placed in nomination, the latter declining, and no further nominations being made it was declared closed, and upon motion Mr. Degman was selected without a dissenting vote.

Upon being conducted to the rostrum he stated that he was no speaker, and in his case that it was an instance of the office seeking the man and not the man the office.

He accepted the nomination and thanked the Convention.

Mr. W. D. Cochran offered the following resolution, which was adopted—

Resolved, That the question of supreme importance in Kentucky today is the lawlessness prevalent throughout the state and the Republicans of Mason county hereby condemn it, declare themselves in favor of law and order and place the nominee of this Convention on that platform.

On motion the Log Cabin was adopted as a device to be placed on the ballot.

DEMOCRATIC CONVENTION.

The Democratic Executive Committee met in the Central Hotel yesterday and after resolving itself into a Convention proceeded to carry out a pre-arranged program by naming S. A. Shanklin the nominee of the Democratic party to fill the vacancy created by the death of Representative McKnight.

Gordon Sulser was elected Chairman of the County Executive Committee, vice J. R. Robertson, who is now a resident of Kansas City, and Mr. M. Brown was chosen Secretary, vice Mr. Sulser, now Chairman. It was a real love feast on a small scale, and everything is lovely and the goose hangs high.

Tobacco Question Develops Strong Speeches Against Trusts

YESTERDAY'S BALLOTING.

Beckham	55
Bradley	55

Blackburn	1
Lorch	1

FRANKFORT, Ky., February 25th.—Senatorial ballot today: Beckham 55, Bradley 55, Blackburn 1, Campbell 3, Allen 1, Lorch 1. Necessary to elect 59. A telegram was read from Congressman Ollie James, urging all Democrats to support Beckham.

The McChord tobacco bill was the special order this morning in the House and the author took the floor at once in favor

of his bill. He said he represented 75,000 tobacco growers in his bill and was trying to afford them the best possible relief under the circumstances. He characterized the Standard Oil Company as the mother of the American Tobacco Company, and riddled the agents of the American Company by which, he said, they have deprived the poorer growers of a fair competition for their products.

The friends of the tobacco bill talked until 12 o'clock on the measure, when the time of the joint session arrived.

The morning session was enlivened by a demand of Sawyer Smith, Republican floor leader, to know whether the Speaker regarded him as a member. He insisted that, if he was a member, he had a right to be recognized. The Speaker declared him out of order, and J. H. Jackson spoke for the tobacco bill.

Bernard Rogers, wanted on a charge of highway robbery, was arrested in Vaneburg yesterday, under instructions from Chief of Police Harry A. Ott, and was returned here last evening. He is now languishing in jail. He was one of four who assaulted a blind man named Howard, and for which offense they were assessed fines in the Police Court ranging from \$10 to \$15. Rogers has confessed to the robbery, claiming that of the amount stolen he got \$9 and Sloan retained the pocketbook containing the balance.

SHOULD LIVE 100 YEARS

Sir James Crichton Brown's Opinion.

Sir James Crichton Brown, of England, at the Congress of the Royal Institute of Public Health in London, gave a lecture on old age. He stated that if every person should live right and take the proper care, to live one hundred years would be a matter of course.

There is no excuse for feebleness at the age of fifty, sixty, or even seventy. In every person there is a constant change taking place in the system, and just so long as the supply equals or exceeds the waste, just as long will old age be warded off.

When one finds their energies flagging, the organs acting slowly and less effectively, the blood sluggish, and in fact "feels old," then there is nothing known to medicine that will restore elasticity to the step, brightness to the eyes, vigor to hair and muscle, and strength to every organ in the body so surely as a real cod liver and iron preparation, Vinol.

Vinol contains in a concentrated form all of the medicinal body-building elements of cod liver oil actually taken from fresh cod's livers, the useless oil eliminated and tonic iron added.

We ask every aged person in Mayville to try Vinol on our offer to return money if not satisfied.

GET YOUR ENCYCLOPEDIA

"Woman Versus Money" the Theme for Oratorical Concatenation.

Another preponderous meeting of the "Forensic Nine," in which there was an extravagant and pleonastic display of allegorical and metaphorical matter, was pulled off Monday evening at the Council Chamber.

Owing to the nature of the subject under discussion, Vice Chancellor, Edward Jefferson Fox, exercised absolute jurisdiction and presided with the dignity of a Persian Prince, and his department was in keeping with that of Lord Chesterfield.

Mr. Pollitt presented the demurrer of Colonel Bierbower to the articles of incorporation insofar as his name was concerned, and stated that the Colonel did not wish his name connected with the society in any way. The demurrer was overruled and the club was not familiar with the rule of subtraction.

Realizing that George Campbell is not the "onliest" called man in town, Dan Mauns was granted the floor and allowed to expostulate a few passages contained in Shakespeare, and after a divulgence of a portion of his nomenclature, he averred that Horatio and Marcellus were all that could be assimilated by this society in one evening, and that in the future he would hand out a lemon.

The subject, Resolved, That Woman Exerts a Greater Influence Than Money, was dissolved.

Cousin George Wood, with the pathos and gallantry of Apollo and a feeling of philoprogenitiveness, took the infirm side of the question and put to flight the hallucinations of bachelor Griffin, and declared upon his sacred honor that "woman is the power behind the throne."

Eve was the first woman that was invented, and her transgression caused man to roll down the hill of paradise, and we've been rolling ever since.

Charlotte turned to a pillar of salt, and had she been made the corner stone of the great pyramid of Egypt, it would not stand today as a colossal example of human ingenuity.

The Queen of Austria stood like an Alligator, with a mightier influence than Josephine, and swallowed Napoleon in his desire to rule the earth.

The confusion of tongues at the tower of Babel afforded a temporary relief, and each race and nation has since been striving to make that relief perpetual. (Applause.) And the wave of indignation that doated in the air caused a somnolence in Jim Burger, who was enjoying a quiet repose in the big arm chair. Locusts had her day, and the blood thirsted conspirators were thwarted in their purpose by her influence, and thus treason, strategem and spoil were put in the rear.

Cousin George, with his "honey-flowing vein," gave a few reminiscences of the early days when he was Treasurer of the Washington Sunday-School, and concluded his remarks in the following language:

ix gaben de se de alantten
Ix glass os hume mi nier,
Pier dix der flerden sine
Hoga-da-sloben dix hoga-dasloben.

Your uncle George Griffin pertinaciously followed in pursuit with the power of the money Kings, and alleged that the gentleman who had just preceded him had not produced examples sufficient to justify his contention, and that money furnished the "onliest" stipend to accomplish good and evil; that the thirty pieces of silver controlled the men that inherited the environments of good mothers and who betrayed and took the life of the Savior of mankind.

It is recorded that Adonis did not yield to the wiles and fascinations of Venus, and instead, pursued the wild rabbits with his hounds over the valleys and mountains of Hepesidam and Cupid skiddooed in another direction for a victim.

Money was the motive power that caused Carrie Nation to work havoc with her little hatchet, and if Angelo should ask me for five, my answer would be: "I'm sorry I haven't got it. You could get it if I had it; for I'm all in, down and out."

The referee declared that woman was the greater genius.

ROOSEVELT SUSTAINED

In Dismissal of Negro Troops Who Shot Up Brownsville—Foraker Loses Again

WASHINGTON, February 25th.—That the shooting in the affray at Brownsville, Texas, on the night of August 13-14th, 1906, was done by some of the Negro soldiers of the Twenty-fifth United States Infantry, and that the testimony taken before the Senate Committee on Military Affairs fails to identify the guilty parties, is the opinion of eight members of the Committee. Four members of the Committee voted against this decision and one member did not vote.

A resolution declaring the guilt of the Negroes, submitted by Senator Lodge, was adopted after five resolutions by Senator Foraker, one by Senator Dupont and one by Senator Scott, all of which were offered as substitutes, had been voted down.

The fight will be carried to the floor of the Senate. The report of the committee will not be made for about ten days.

The Ringgold Lodge, I. O. O. F., will hold its regular meeting this evening at 7:00 at DeKalb Lodge Hall.

CURED TO STAY CURED.

How a Mayville Citizen Found Complete Freedom From Kidney Troubles.

If you suffer from backache—From urinary disorders—From any disease of the kidneys. Be cured to stay cured.

Doan's Kidney Pills make lasting cures. Mayville people testify.

Here's one case of it. A. W. McClanahan of A. W. and B. P. McClanahan, grocers, at 121 Second street, Mayville, Ky., says:

"I can endorse Doan's Kidney Pills more heartily today than I did five years ago when I told the Mayville people that this medicine had cured me of severe kidney trouble and backache that had bothered me for twenty years and seemed to be growing worse and worse all the time. I repeat that I can more confidently recommend Doan's Kidney Pills, which I purchased at J. Jas. Wood & Son's Drugstore, today than I did in my former testimonial because my cure has been permanent and I have had no kidney trouble for nearly five years. As proof that I am a firm believer in Doan's Kidney Pills I will be only too pleased to reiterate the above to any one who may inquire."

For sale by all dealers. Price 50 cents a box. Forster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

Night Riders

By Cale Young Rice.

See them mount in the dead of night—
Men, three hundred strong!
Armed and silent, masked from the light,
Speeding swartly along.
What is their errand? Manly fight?
Clench with a manly foe?
God, I'd rather be dead of wrong
Than ride among them so.

See them enter the sleeping town.
Hear the warning shot!
Keep to your beds, free men—down, down!
Dare you to move?—dare not!
These are your masters—these who crown
Black Anarchy their king—
I would rather my hand should rot
Than have it do this thing.

See them steal to the house they seek—
Brave men, O, brave will
There lies a sick boy, fever-weak,
Who comes forth at call?
A woman? "Go in, you bitch," they reek,
"Give us the old man out!"
I would rather my tongue should fall
To palsy than so about.

And—they have him—"the old man" now,
Bound—with nine beside.
One, a Judge of the Law's grave brow,
Sworn by it to bide.
"Lash him!"—A hundred lashes plow
A free-born hack with pain!
God, shall we let such cowards ride
And burn and heat and stain?

Oh, the shame, and the bitter shame,
That thus, across our land,
Crime can arise and write her name
Broad, with a bloody hand!
Oh, the shame, and the bitter shame
Upon our chivalry—
I would rather have led the band
That died on Calvary.

So, Night-errands, ride on, and ride—
Avenging, wrongly, wrong.
But when the children at your side
Grow lawless up and strong:
When at their drunken hands you've died,
As Hargis at his door,
You will repent—God knows it—long,
These nights to Hell made o'er.

The readers of this paper are reminded that there is a serious danger to the human race, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
